

PROJECT MANAGERS / SENIOR CONSULTANTS

Do you want to be a big fish in a small pond, then join us!

We are very busy and looking for new enthusiastic colleagues as soon as possible. You must see yourself as fluent in designing and managing projects within the food industry. Pescatech is doing high level design of processing facilities around the world, where we also act as the leading independent design competence center and industry process specialist within fish and seafood processing

Your working tasks will be to

- Build/improve relationships with customers within the fish and seafood industry
- Define and implement consultancy and projects in close cooperation with the customers
- Create innovative layouts and total solutions
- Analyze the needs, prepare specifications, tender documents, reports, contracts etc
- Participate as project manager from initiation to completion.

Your professional qualifications You have:

- Maybe an education as mechanical engineer combined with a mercantile education?
- Maybe intensive experience as factory manager or production manager in the food industry?
- Maybe you have been working within equipment sales & engineering?
- Experience as a project manager
- Experience with AutoCad 2D or 3D, solid works and you are confidential with the Office package
- Experienced in business travels, result oriented and mature in age as well as experience
- Fluent English in writing and possibly Spanish

Your personal characteristics

- You work hard, disciplined, independent and systematically in a hectic day with often tight deadlines.
- You are a self-starter and used to work in a structured way
- You like to be a bigger fish in a smaller pond where you can influence the business/company
- You are outgoing, charismatic, loyal, confident and have a great sense of humor

We offer you attractive conditions

- A good salary corresponding to your qualifications
- Employee benefit options; health insurance etc.
- A strong team of experienced professionals
- A casual and creative working environment
- Good personal development
